1. Material transferred pursuant to this Agreement and material used in or produced through the use of material or equipment so transferred shall not be reprocessed unless the Parties agree.
2. Plutonium, uranium 233, high enriched uranium and irradiated source or special fissionable material transferred pursuant to this Agreement or used in or produced through the use of material or equipment so transferred shall not be otherwise altered in form or content, except by irradiation or further irradiation, unless the Parties agree.

ARTICLE 7 – SENSITIVE NUCLEAR FACILITIES WITHIN THE TERRITORY OF THE UNITED ARAB EMIRATES

The United Arab Emirates shall not possess sensitive nuclear facilities within its territory or otherwise engage in activities within its territory for, or relating to, the enrichment or reprocessing of material, or for the alteration in form or content (except by irradiation or further irradiation or, if agreed by the Parties, post-irradiation examination) of plutonium, uranium 233, high enriched uranium, or irradiated source or special fissionable material.

Safeguards

The Parties understand that the safeguards agreement referenced in paragraph 2 of Article 10 of the Agreement refers to such agreement without the existing Small Quantities Protocol. Prior to the licensing by the Government of the United States of America of exports of nuclear material, equipment, components, or technology pursuant to this Agreement, the Government of the United Arab Emirates shall terminate the existing Small Quantities Protocol and bring into force the Additional Protocol approved by the IAEA Board of Governors on March 3, 2009 and referred to in Article 10.2 of the Agreement.

Equal Terms and Condition for Cooperation

The Government of the United States of America confirms that the fields of cooperation, terms and conditions accorded by the United States of America to the United Arab Emirates for cooperation in the peaceful uses of nuclear energy shall be no less favorable in scope and effect than those which may be accorded, from time to time, to any other non-nuclear weapon State in the Middle East in a peaceful nuclear cooperation agreement. If this is, at any time, not the case, at the request of the Government of the United Arab Emirates the Government of the United States of America will provide full details of the improved terms agreed with another non-nuclear-weapon State in the Middle East, to the extent consistent with its national legislation and regulations and any relevant agreements with such other non-nuclear weapon State, and if requested by the Government of the United Arab Emirates, will consult with the Government of the United Arab Emirates regarding the possibility of amending this Agreement so that the position described above is restored.
